

The sole and independent investor, activator, Entrepreneur and trader in all types of business (Developer, Facilitator), industries, mines, etc

I am Mohammad Reza Marivani, Mohammad Hassan 'son', born in 1980/04/15 with Kourdish race and I am from Iran - Since 2010/11/15, I have been the founder, owner and CEO of Atieh Sazan Areseh

Tejarat Company in the field of registration trading No. 389372 in Tehran. (marivani.org)

From age 16, I am completely independent and private sector and away from any dependence and advertising or enlargement, performing thousands of trillion Tomans of unprecedented business plans, even my own combination and only my own personal investment that revitalizes or develops a variety of: industries, mines, manufactures and services and I've been appreciated many times for this.

Many entrepreneurs by myself are the result of my good and successful history in trading with my investment that is completely independent and private without any dependence and connection with all kinds of topics (bank, government relations, political, etc.) - So I do this through my work in the areas of preservation (human rights, families and general happiness of human beings) especially the proportion of workers society and middle classes of people in Iranian society.

For example:

My offer to countries of the world:

With its fully personal and independent investment and without the need for any facilities (bank, government, political, etc.) and without any cost and hassle for any people & government country.

I am ready to negotiate, revive or guarantee unprecedented and guaranteed development of any industries, mines, manufactures, trade and service centers (therapeutic, tourist, excellent scientific, inventors, start-ups, research, artistic, cultural, sport, educational, recreational, construction, insurance and financial institutions and banks, etc.) especially weak, stagnant or closed.

Excellent entrepreneurship and lowering unemployment rates guaranteed, the least result of doing my business-investment activities, the protection of (human rights, the happiness of the family, the general of human beings) it can be especially towards the workers society and working middle class peoples in all countries. I do solely by helping to accomplish valuable human goals and so on to international organizations (united nations, human rights, food and medicine org., peace and global amnesty, combating global terrorists, etc.) with submitting of my highest respect for these organisations and their goals, on my behalf, as far as possible, to distract poverty and unemployment from the lives of the world's human beings, which eliminate the motives for committing various crimes, especially: addictions, all kinds of smuggling, theft, conflict and even terrorists, etc.
